When "Slate" Means Slater Shoes

OBSERVE the "Sign of the State."
On a school state the following words
—"The Stater Shoe."

That is a trade-mark worth several ndred thousands to-day.

It is widely poached upon because it is widely known as a standard of quality.

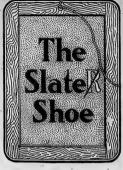

It now commands a market of a Million Dollars yearly in \$4.00, \$5.00, and \$6.00

This is why there are so many substitutes evasjvely offered as "Stater Shoes"—"Shoes made by Stater"—and four other tricky ways of trading on the name and merits of "The

so,—to protect the Public we say again— No shoe is a genuine "Stater Shoe" nless it has the trade-mark picture of a State stamped on it with the makers' price (this latter to prevent overcharge).

Look for that Slate mark!

And, when you want a genuine 1869
"Stater Shoe" you can head off Smart Alocks
who would trick you into something as
"Staters" which have never been within the
Stater Shoe Factory, if you will almply look
for the State as well as the name "Stater."

The quality of Stater Shoes is established. None but the best materials and the best methods figure in their manufacture. The Goodyear Welt system invariably used in making them, I issures the maximum amount of comfort and wear.

Oysters

What delicious opters you have. We never got the like of them before This remark we hear from so many of our customers every day. The opters we are receiving are right from the she clear and put into easibatip peckages. These peckages are subcleded in ite and neither ice nor water touches the opter. They are tale oscied airight and grean proof so that they cannot be optened curing transit and do not lose their freshness and flavor as the ordinary tall option. Remunder these opters are gold metas and sold at gree per pol tale option.

CEMENT MATTER ACAIN

During the past year with most people, buying Art Goods has been a luxury in the truest sense of the word.

Although this department of our store has been well parentized, we still have too much stock in this section.

While we believe the necessaries are in greater demend than the luxuries, still we are of the opinion that enough people in Belleville will appreciate the prices we are putting on these goods this week to materially reduce our stock.

Their Cause For Thanks.

When Dick Waring suddenly mar-ried pretty Linda Milla, to whom he had just become engaged, Uncle Hen-ry, Waring danced wrathfully on the bearth rug and uttered direful predic-tions.

Journelsepting. To my certiful knowledge, Dick, you have the year of 180 on the property of a wife. As it is, you will suffer por-erly and deprivation and be sick of such other before a year rolls round? Having delivered himself of this sentiment, Mr. Waring giared angrily at his adopted son, and Dick, inherit-ing the same family characteristic to degree, giared back at him. Then, tucking his little wife's hand in his arm, be lett the commodions

Luxuries - and - Necessities.

Art Goods

During the past year with most people, buying Art Goods has been a luxury in the truest sense of the word.

Although this department of our store has been well parronized, we still have too much stock in this section.

While we believe the necessaries are in greator demand than the luxuries, still we are of the opinion that enough people in Belleville will appreciate the priors we are putting on these goods this week to materially reduce out stock.

ART GOODS

Brass Goods, Royal Doulton, Irish Belleek, Wedgewood and Austrian Art Goods at from 33 1-3 to 50% di-count,

Kettles and Cans and Pots and Pans.

Familiar words, and goods used in every household. Our January Sale is always a time of rejoicing for shrawd housekeepers. Buying for cash and in large, quantities an-ables us to supply, these goods at lowest pos-sible prices.

At the last meeting of the City Coun-cil a By-law was passed anthoris-ing the heed and treasorer of this city to borrow a certain sam of money to meet current expenses. This is the usual procedure. But some people are asking why this is necessary, when nearly \$40,000 is owed the city to back taxes. Why abould the corporation be comabould the corporation be com-pelled to pay the bank interest when it is owed money which, if paid, would asset the mare go?

How is it that other places can col-lect their tares and have their rulis returned in time, while Belle-ville connect? Will somebody inde-y take a sky off and explain this matter? We are introduced to a scheme which, if carried out, would dissepancies most efficient depart-ment all for the alleged avering of a meanly \$200 a year, while at the same time rish unes, so it is allegeca, are answed to hold outset their taxes, thus compelling the city to go to the bunks for money.
